

Change the Childish Mentality

Do you know what's so special about your Purpose?

"IT IS ALL PLANNED OUT"

God planned everything out before He called you on this world and gave you a purpose.

The bible shares with us one story of a boy called Jeremiah, He was a young boy who was so much passionate of serving God.

God appointed him with a call to stand as a defender to the nation, to change the world, to raise and wipe out strongholds.

God presumed him for enormous things however the response of Jeremiah was out of fear and doubt, He told God I am yet a child, how will I accomplish this?

God already equipped him with all the abilities he required to perform such tasks but the obstacle was the childish mentality Jeremiah had upon his purpose, he viewed himself as an insignificant person with no capability to handle such assignments.

The end of story, Jeremiah transformed out to be the person who changed the circumstances of the people of his nation by changing his mind, his name hovered in history for his remarkable accomplishments.

God has placed such fascinating things in your life, He has opened big doors and placed so much authority in you, you only need to wipe out that childish mentality in your head concerning your purpose and believe in yourself, see yourself well capable and equipped to face the challenges that comes with the task of pursuing your purpose.

Remember; see yourself as a giant peculiarly when it comes on your area of call, you carry the ingenuity to fulfill the purpose assigned to you.

God has set you apart and appointed you for that task since you were in your mother's womb,

Go out there and be the best!
